❄️❄️ **December 2018 Edition** ❄️❄️

Director's Corner

December is our time for reflecting and celebrating all that 2018 has offered us. We are grateful that family, friends and camp always go hand-in-hand. As we end this year and usher in the new, we would like to thank you for being part of our Nashoba family. It means a lot to us that you entrust your child to us, a responsibility that we take great pride in.

We are excited to continue to grow our diverse program offerings and will begin highlighting them in our winter issues of Smoke Signals.

Wishing you peace and good health thorough this festive holiday season.

~ All the best, *Sarah Seaward*

Director/Owner

We love to hear and see what our campers, staff and alumni are up to! Please share with us your recent adventures, accomplishments or gatherings with camp friends. If you would like to be featured in Paddle Crossings please send a picture and information to info@campnashoba.com

CNN Staff in the Boston area!

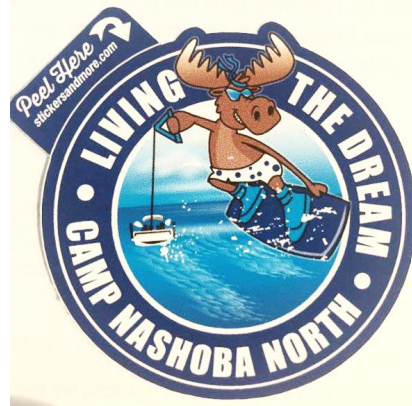

We hosted a Boston-area Nashoba Staff Reunion on Thursday, December 20 at the Mighty Squirrel Brewery in Waltham. The event was a great opportunity to catch up with those in town for the holidays and to wish Patrick Davis well as he relocates to his home state of North Carolina.

Sticker of the Month!

Welcome to our brand new Sticker of the Month! The sticker this month is

Nash the Moose living the dream! It looks great on computers, water bottles, and whatever else you can think of! Want to get your hands on one for yourself? Simply email Nashobafun@gmail.com with your name and address and we'll send you one for free!

Summits Spotlight: Partners for World Health

Partners for World Health (PWH) is a Portland based non-profit that focuses on reducing medical waste, medical education, and improving the quality of healthcare in underserved regions and countries.

Volunteer-driven PWH ships medical supplies (that are still usable) discarded by hospitals to these areas that need them. PWH also sends doctors and nurses to areas like southeast Asia and Africa, making them the only organization to send both medical supplies and professionals.
